

## **Meeting: DTSC / US EPA / CCAEJ and Ag Park Residents**

Friday, February 4, 2015

2:00 pm – 4:00 pm

CCAIEJ - 7701 Mission Blvd., Jurupa Valley, CA 92509

**Purpose:** DTSC and USEPA project staff will review the November 2015 sampling results at the Ag Park property, answer questions from the community, and outline current plans for next steps. This will be followed by a short discussion of the Offsite Workgroup, which is developing proposals for environmental sampling in public and residential areas near the Ag Park property. This preliminary discussion will cover community involvement in Workgroup and targets for public meeting dates. Dialogue on partnering with public health agencies to review community environmental health concerns will also be included as part of next discussions with the Off-Site Workgroup.
